***Claim Rejections - 35 USC § 112***

1. Claim 3 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The newly added limitation “a mapper ... to produce a decision feedback equalizer input signal; and a decision feedback equalizer having a decision feedback equalizer input receiving the decision feedback equalizer input signal” (lines 6-9) is not disclosed in the specification as originally filed. The specification describes an embodiment wherein “the decision feedback equalizer” receives “the error signal” and “the error signal” is generated by subtracting the decoder input signal from the mapped, scaled version of the decoder output signal.

***Double Patenting***

2. Claim 3 is rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claim 1 of U.S. Patent No. 6,829,297. Although the conflicting claims are not identical, they are not patentably distinct from each other. The patented claim discloses all the subject matters of the pending claim. Omission of the limitation, for example, “a decision device”, “an FIR filter” or “a magnitude of change in the coefficient” whose function is not needed in a particular design would have been obvious to one of ordinary skill in the art at the time of the invention.

***Allowable Subject Matter***

3. Claim 5 is allowed.

Art Unit: 2634

***Conclusion***

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
